Answer the following questions.

- a. Why did the villagers decide to build the check dam by themselves?
Ans; The villagers decided to build a dam themselves because, the check dam that was built by government was washed away in the rains.
- b. How did the villagers build the two dams?
Ans; The villagers put a layer of hard rocks at the base then piled up the old cement and fertilizer bags filled with sand. This is how they build the two dams.

What is the learning from the story 'What I am looking for is not out there, it is in me'?

Ans; The learning from this story is, we can do anything we want to do, there should not be any excuse.

If we stick to it long enough, if we practice or work hard, surely it will be fruitful for us.
